Promise of Community Action

Community Action changes people's lives, embodies the spirit of hope, improves communities and makes America a better place to live. We care about the entire community and we are dedicated to helping people help themselves and each other.

CMCA Board of Directors,

Despite my best efforts, another month has rolled over and we are looking forward to our next board meeting on Thursday 8/27. Last month we set the stage with several programmatic and issue-based presentations. This month we will follow up with *twelve* action items that will set us up for the next several years.

One of our program updates will reflect on the five year grant we implemented with the University of Missouri called Show Me Healthy Relationships. The grant is coming to a close and I wanted you to see the great work we've done. We applied for another five year cycle but considering the political environment in Washington DC I'm afraid it won't be turned around quickly. Our second program update is our annual Head Start Self-Assessment. You will recall from past presentations how thoughtful our Head Start team is about what all of our data means. We report on lots of data throughout the year and this is our opportunity to really analyze it and use it to make recommendations for ongoing improvement.

After those updates we will dive into our recommendations for a variety of actions that range from new facilities, to new programs, to updated policies, and removal of a board member who has been unable to attend the meetings this year. I'll also mention that we will be sending out bids for our 2020 audit. We will need a few volunteers to serve on an ad hoc audit committee to help us review proposals and select an auditor (it's not as bad as it sounds!).

I have been working from home several days a week but you can always contact me on my cell phone at 573-864-2281. Let me know if you have any questions or comments, or just want to check in and say hello.

A handwritten signature in black ink that reads "Dani Reis".

Executive Director

Family and Community Development Department

Community Services Block Grant (CSBG)

Angela Hirsch

The COVID-19 pandemic has resulted in the Family & Community Development Department extending our alternative service delivery model. Staff are flexing between work in the office and working remotely.

- All County Family Resource Centers are closed to the public. Members and those seeking services are seen by appointment only.
- Community Organizers are working from home and in the office. Community-based activities continue to be conducted through virtual methods including Zoom, Google Meets or teleconferencing.
- LIHEAP staff are working in the office to continue the processing of LIHEAP applications. The staff are isolated in private offices and no contact with the public is made. Applications are accepted through the US mail and a permanent drop box has been installed at the Boone County FRC for applications that are hand delivered.
- Housing Choice Voucher staff are back in the office. No briefings are being held at this time.
- Weatherization services are slowly starting again with every safety measure taken to ensure the health and safety of staff and contractors during home inspections and work.
- Show Me Healthy Relationships staff divide their time between office and working from home. Classes are resuming virtually. No in person classes are currently scheduled.
- SkillUP staff are flexing between working from home and in the office and seeing members virtually or by appointment.

Community Services Block Grant (CSBG)

- We are still waiting on guidance from the State CSBG office so that we can submit our proposal for use of the CARES Act CSBG funding. We have been notified that our final allocation for these funds will total \$1,504,080. These funds must be completely expended by September 30, 2022.
- We have submitted our *regular* CSBG workplan for FY2021 that will begin October 1. Although we will not receive a contract (funding) for FY21 from the state until a final CSBG budget is passed by Congress and the state has received their official funding letter from OCS. We will use funding left over from this current year to being implementing the activities and services that are included in the FY21 workplan. The FY21 workplan includes these efforts:

Direct Services	Description of Services
Whole Family Approach	Expanded to include Housing Choice Voucher families in Cole, Cooper, and Osage counties with a dedicated Coach. Coaches now supervised by HS Site Directors and supported by Family Administrators.

CMCA Services October – July

Central Missouri Community Action empowers individuals and families to achieve self-reliance.

Whole Family Approach

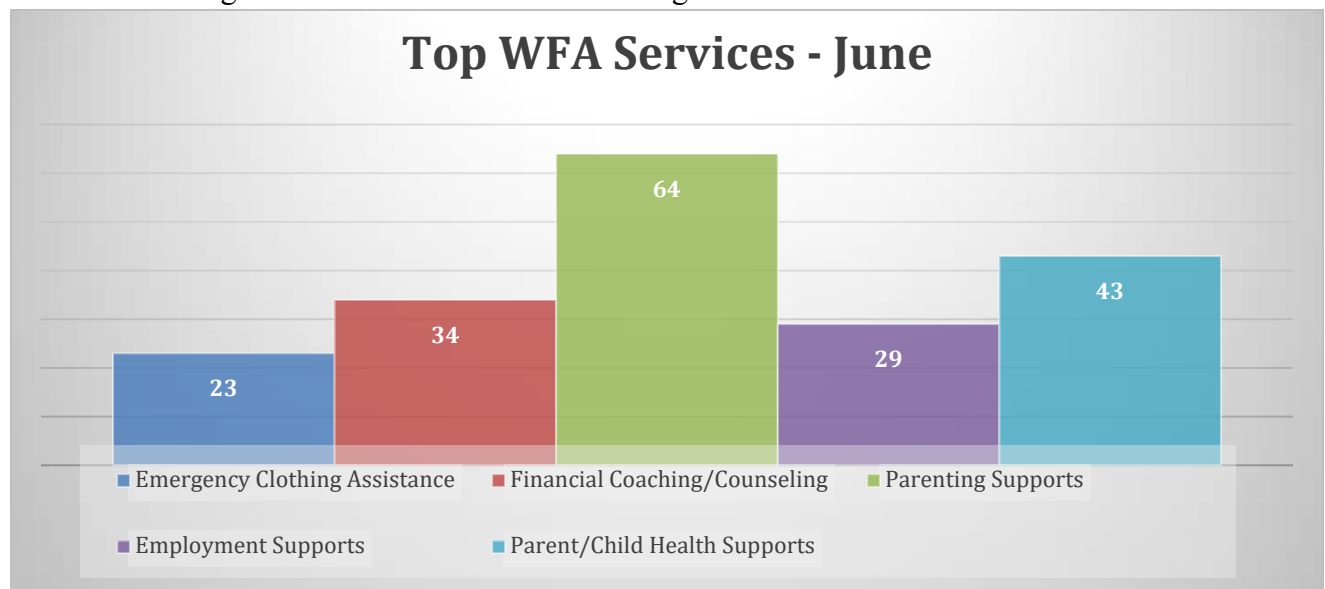

- Coaches continue to provide monthly check-in with families during the summer months. Most of these are virtual due to the pandemic.
- FSC's returned to (mostly) working from home the week of 7/13/20.
- All Family Engagement procedures have been revised using the self-assessment data with a focus on areas needing improvement for the upcoming year.

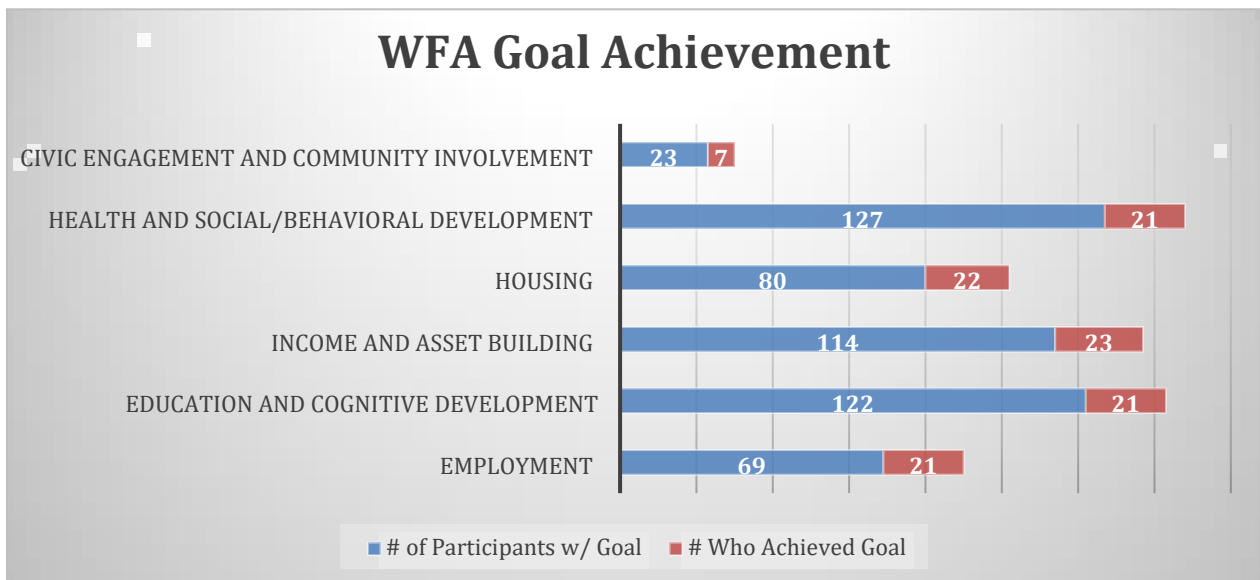

Positive events for the month:

- Attending the Compassion Fatigue meeting was one of the most fun and informative meetings I have been to. I learned so much about how important it is for me to maintain a good amount of self-care and to be aware of the signs of compassion fatigue. Also, the team building exercises and the stories that people shared really made me feel a sense of an amazing work atmosphere. I look forward to more meetings like this and getting to know everyone at the agency!
- A WFSC mom was referred to SkillUp, got enrolled and was able to get tuition assistance after using her PELL grant, so she now has a \$0 balance for the current LPN program she's attending.
- One of our unemployed parents was able to find full time work this month.

Challenges reported from Family Support Coaches:

- Balancing work and home life while working from home

SkillUP

- We have been awarded a new SkillUP TANF contract for FY2021. The new contract will run August 1 – June 30.
- The SkillUP FNS contract will continue through September 2020.

Housing Choice Voucher program

- We have received additional funding that were made available through the CARES Act for HCV Administration expenses from HUD.

- We have successfully completed our work with the HUD Shortfall team. We will hold our first briefing in September for those on the waitlist.
- Our IT Department is working to move our SACS data program to a web-based platform so that HCV staff can work remotely when necessary.

LIHEAP/Energy Assistance

- LIHEAP staff were forced to work remotely due to a positive COVID result. Huge thanks to CMCA IT Manager, Martin Carmichael, for his dedication to ensure that this was done in less than 48 hours.
- The State LIHEAP Manager and all vendors were notified of the emergency change in service delivery. All notifications were met with positive support.

Callaway COVID Funding

- In July, CMCA entered into an agreement with the Callaway County Commissioners to provide utility assistance services for families impacted by the COVID-19 pandemic. Utilizing Callaway County CARES Act funding, CMCA is working with Callaway County families to provide financial assistance that covers utility arrears from March, April, May and June for electricity, natural gas, water, sewer, trash and internet services provided by Callaway County based utility companies.
- Because of the positive COVID result, Callaway work had to pause for 2 weeks. Staff will return to Callaway County August 20th.

- CMCA SMHR team continued utilizing Zoom to offer online and remote intakes and classes. Policies and procedures were set up to ensure the safety of both staff and participants and are continuing to be followed. Materials are being dropped off with contactless deliveries as well as being mailed.

- CMCA SMHR is continuing to enroll for singles classes with partnerships and couples classes for the community via Zoom to maintain social distancing while still offering the opportunity to engage in classes. These classes are being offered at many times and days so that we are able to meet the needs of the participants needing and wanting the training.
- CMCA SMHR team continues to push toward wrapping up community couples, community singles, and incarcerated singles classes. All goals are above the required progress with July marking the tenth month of the SMHR program year. No classes were able to be offered through the months of March or April due to COVID. Incarcerated numbers will not be able to be met due to not being able to provide in seat classes at this time due to COVID restrictions at WERDCC however those numbers are incorporated back into community numbers.
- CMCA SMHR team continued to work from home to complete service contacts with program participants in July and to provide them with resources and contact information during the COVID pandemic and to provide additional program information about online classes.
- CMCA SMHR team continued to work from home to complete intakes during the day, evenings and weekends, for scheduled couples and singles classes during the month of July
- CMCA SMHR is assisting the SMHR program to achieve overall program numbers needed. Due to COVID, no access into the institutions and staff shortages at other programs, all programs are offering as many class options as possible to continue to meet the needs of the participants that we serve.
- CMCA SMHR is preparing to offer our last classes for the program starting in August as our grant funding ends in September 2020.
- We have written for another five-year grant in partnership with MU but will not know the status until near the end of this program year. One SMHR staff has taken a position with another CMCA program, thus leaving only 2 with the concern of job stability after this grant.

Foster Grandparent Program

- CNCS has extended our temporary pay allowance for volunteers through August 15th, if they would normally be working. So, for those that only do summer school and are then off for July and the first of August, they will only get paid for June. But for those that are in Head Start or day care they will receive the allowance until August 15th.
- Julie McNeill, FGP Program Manager, is working on a grant to bring the RSVP program to CMCA. The grant will allow CMCA to administer RSVP in Audrain and Cooper counties. Please see the RSVP Grant Summaries in your board packet for detailed information.

National Center for Health

- This grant will end September 29, 2020 and will not be renewed.
- Trisha Wright, Program Administrator for NCH will be moving with her family to Jonesboro, Arkansas to continue her work. We would like to thank Trisha for her many

years of dedication to CMCA's early childhood programs and we wish her continued success in her future endeavors.

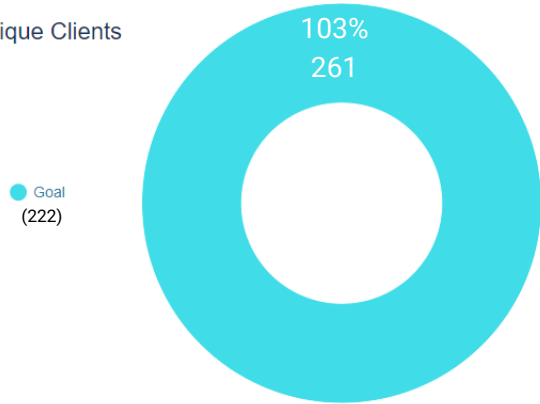

Housing Development Director

Sheila Garten

- We have another loan closing for USDA on August 28th!
- We had our first meeting with Minnesota Housing Partnership (MHP) and are working on our strategic work plan. We also learned that we were awarded not just one year but 3-3.5-year partnership for the Technical Assistance!
- The Jeff City Task force and Fulton Task Force groups have met again and are moving forward with their perspective plans. We have learned from the City of Jefferson about some new city funding available for the projects there and the MHP grant will help to propel us forward in Fulton.
- MHDC has released the first draft of the new QAP (Qualified Action Plan) that will reintroduce state Tax Credits back into the applications.
- We were able to secure an appraiser for the lots we own in Vandalia, MO. Upon receipt, we will be determining next steps in regard to selling or development.
- We have also taken back the office/file management of our Centralia Property, Columbia Oaks. This is a great opportunity for us to learn and slowly begin this transition back to in-house management.

Donor Spotlight - Ashlyn Maddy

Ashlyn Maddy understands the importance of supporting her neighbors. As a Home Buying Concierge Team Lead at Veteran's United Home Loans, she supports people who have served our country everyday by helping them find the perfect place to call home. So, it's not surprising she's willing to help her neighbors in other ways as well. After receiving her donation, we asked her what prompted her to give to CMCA.

"I interned at CMCA while at the University of Missouri," she said. "I saw first hand the important work that is done through CMCA to help move people out of poverty. I wanted to be a part of helping them move forward."

We are truly grateful to Ashlyn for her generous support of CMCA and for her ongoing support of the community through her own work. She reminds us that our donors really do want to help people help themselves and each other!

Fundraising Highlights - Help us reach our goal!

Your gift of any amount makes a difference for neighbors in your community by providing emergency funds that can help get them and their family members back on their feet.

to Charlie, Charlie, Alice, Carolyn, Amanda, Beth, me

CMCA Executive Committee,

You will recall that when we were awarded the Head Start expansion into Morgan, Benton, and Hickory Counties, we incorrectly thought we would be able to use the prior grantee's buildings. They were substandard and did not meet our needs so we had to pivot. We entered into an agreement with the Hermitage School (Hickory County) district almost immediately and have been operating there for a while now. In Warsaw (Benton County) we entered into a lease agreement with a church to renovate and ultimately purchase their building. In Morgan County we have been working with the Regional Office to go through the "1303 process" to purchase a building and renovate it. Beth presented this information at the February meeting with an update in June. After many delays and a ton of paperwork, the 1303 was approved and we closed on the purchase last week. Now the extensive renovations she has described can begin. The building was used by the Eagles civic group and has to be retooled for our purposes. Basically we have a good foundation, shell, and a decent start to a kitchen, but the classrooms, bathrooms, and offices all have to be built. Bids required prevailing wages and the best bid came in at \$283,777. Our policies authorize me to approve purchases up to \$150,000 but board approval is required for purchases beyond that. The bids and the final approval from the feds came in after the last board meeting. Now we're ready to roll and we want to expedite the renovation as much as possible. Our general contractor requires a 5% deposit (\$19,864) to get scheduled and started. Would you be willing to approve this purchase with the understanding that we will review it with the full board and ask the board to ratify your decision next week?

Please reply to all with questions, comments, and/or your vote.

---	---	---

PURPOSE

The purpose of this policy is to minimize the spread of illness during the COVID-19 pandemic.

POLICY

During an outbreak of a pandemic disease such as the COVID-19 virus, the Agency will implement the following guidelines to minimize the spread of COVID-19 among staff.

Face Coverings

Employees are required to wear cloth face coverings. All CMCA employees are required to wear a clean face mask any time they are, or will be, in contact with other people who are not household members. This policy requirement applies during an employee’s work hours and also while an employee is on Agency property or in an agency owned vehicle.

“Face mask” means a covering made of cloth, fabric, or other soft or permeable material, without holes, that covers only the nose and mouth and surrounding areas of the lower face. A covering that hides or obscures the wearer’s eyes or forehead is not a “face mask”. A face mask may be factory made or may be handmade and improvised from ordinary household materials.

An employee may only remove their face mask while at work, on Agency property, or when in an agency owned vehicle under the following circumstances:

- While outdoors when able to maintain a distance of at least six feet from others;
- When in an agency owned vehicle alone;
- While eating or drinking in breakrooms provided the employee washes their hands, is able to maintain a distance of at least six feet away from others, and puts the mask back on when they are done;
- When an employee has a medical condition, mental health condition or disability that prevents wearing a face mask; if the disability is not apparent, then medical verification that the employee has been advised not to wear a face mask must be sent to HR;
- When any party to a communication is deaf or hard of hearing and not wearing a face mask is essential to communication;
- When federal or state law prohibits wearing a face mask or requires the removal of a face mask;
- When requested by a law enforcement officer;
- When requested by a medical provider, including emergency response personnel;
- When in an office setting and not within six feet of any other person; provided however, when moving from place to place in an office location a face mask shall be worn if at least six feet of distance from others cannot be maintained;
- Under other circumstances identified in any subsequent order.

Employees Who Have COVID-19, COVID-19 Symptoms, or are Under Quarantine

Employees who have COVID-19, symptoms of COVID-19, or are under quarantine, shall not report to the worksite. Supervisors may send home employees that report to work sick. “Sick” in this context means the employee has cold or flu symptoms including fever, cough, and/or shortness of breath, or other symptoms consistent with the COVID-19 virus. If the employee can work remotely from home, the employee must obtain

approval from their supervisor prior to working from home. (See also Telecommuting Policy.) If the employee is unable to work remotely from home, the employee will use their applicable paid time off so that the employee can recover and not cause others to become sick. If an employee does not have any applicable paid time off, they may request leave without pay. (See Leave Without Pay Policy.) In some instances, a funding source may allow continuing payment of employee wages. CMCA will follow the funder's guidance in this scenario.

COVID-19 Testing

An employee who has been exposed to COVID-19, has symptoms of COVID-19, or is under quarantine and is tested for COVID-19 shall not report to the worksite while results are pending.

An employee who has been exposed to COVID-19, has symptoms of COVID-19, or is under quarantine and tests negative for COVID-19 shall not return to the worksite until the employee has completed the quarantine process advised by their doctor and/or the local health department.

An employee who tests positive for COVID-19 shall not return to the worksite until the employee has completed the appropriate isolation process advised by their doctor and/or the local health department.

If a member of an employee's household tests positive for COVID-19, the employee shall not return to the worksite until the member of the household has been released from isolation and the employee has completed the period of quarantine as recommended by their physician and/or the local health department based on their exposure.

Test results must be submitted to HR. Additional medical verification such as a doctor's note, may be requested by HR depending on the length of time the employee is unable to work.

COVID-19 absences may be eligible for FMLA. Employees should speak to HR regarding FMLA requests.

The agency will follow all local ordinances and state and federal laws relating to COVID-19 including but not limited to the FFCRA and EFMLA.

	<p>TYPE OF ISSUANCE: PERSONNEL POLICY</p> <p>SUBJECT: EMPLOYEE REFERRAL PROGRAM</p>	<p>EFFECTIVE DATE: DRAFT</p> <p>APPROVED BY: Head Start Policy Council and Board of Directors</p>

PURPOSE

An employee referral program is a recruiting strategy in which employers encourage current employees, through a reward system, to refer qualified candidates for jobs throughout our organization. It is a popular strategy because recruiters have long known what research confirms: Employee-referred new hires tend to be better performers than nonemployee-referred new hires and to stay with their organizations longer. Employee referral programs are also more cost-effective than other recruiting strategies and often are the fastest way to find external talent.

POLICY

Central Missouri Community Action will reward employees who refer candidates who are then hired.

If the referred new hire successfully completes six months of employment with CMCA, the referrer will receive eight (8) hours of personal leave.

Criterion

- There is no cap on the number of referrals each employee can make.
- Candidates must include referrer as one of the three required references prior to hiring.
- If two or more employees refer the same candidate, only the first referrer will receive their referral reward.
- Referrers are still eligible for the reward even if a candidate is hired at a later time or gets hired for another position.
- All employees are eligible to participate in our referral program except for the Agency Leadership Team, recruiters and hiring managers for positions for which they are hiring.
- Referrals must be qualified according to the respected job description and hired as a Regular or Annual employee with full-time or part-time status. Positions that are classified as temporary, emergency hire, and as needed as well as vendors selected to be used by the agency are excluded from the Employee Referral Program.
- Should the Employee Referral Program be discontinued, employees who referred candidates before the program was discontinued will still receive the reward.

The Federal Reserve shows the current unemployment rate in Missouri is 8.6%. Data USA shows that the counties of Audrain, Cooper, Howard, Moniteau and Osage are seeing a 3.876% decrease in available employees throughout those counties. During the 2017 Community Needs Assessment, employers reported the biggest need they face is an educated, prepared workforce at the ready. Primary needs include workers with established soft skills and on the job training opportunities for new workers. Currently, employers have limited opportunities to engage in activities designed to promote their business need to potential employees still in high school.

According to the US Census data, these counties have a combined high school graduation rate of 89.9%. During the 2017 CNA, high school youth identified the lack of opportunity to connect with local employers prior to graduation to identify employment requirements and the lack of preparation for meeting the responsibilities of adulthood as major concerns they face.

The Mexico Sustainability Project was developed in 2017. Born out of the work of Bright Futures Mexico, planning and training began in an effort to determine ways to meet the needs of the community through the Aha! Processing Company. CMCA will invest monetary and non-monetary resources to support the next phase of this project - "Getting Ahead in a Just Gettin' By World" training. These classes will provide radical change in the lives of participants by identifying and overcoming barriers that are contributing to poverty. The counties of Cole, Cooper and Howard are divided by socioeconomic disparities that disproportionately impact low income families. According to the US Census Bureau, 13.3% of people in Cole, 14% of people in Cooper County and 16% of people in Howard County are living below the Federal Poverty Level. This level of household income create barriers to families' ability to meet basic needs. Although human service organizations work to meet families' basic needs, services rarely go beyond one-time band-aid services. This effort will result in assistance with basic needs as well as long-term supports to move families from poverty to self sufficiency.

During the 2017 Community Assessment Process, it was noted that children placed in foster care in Cooper and Howard counties were forced to live in placements outside of their home county because there were not enough foster homes in their home county. Cooper county only had 5 active foster families and Howard county only had 2. This forced added trauma and stress on the children in state custody as they not only were forced to leave their homes, but they were also facing new schools in new communities they had never been to.
