

Connecting Families for Success!

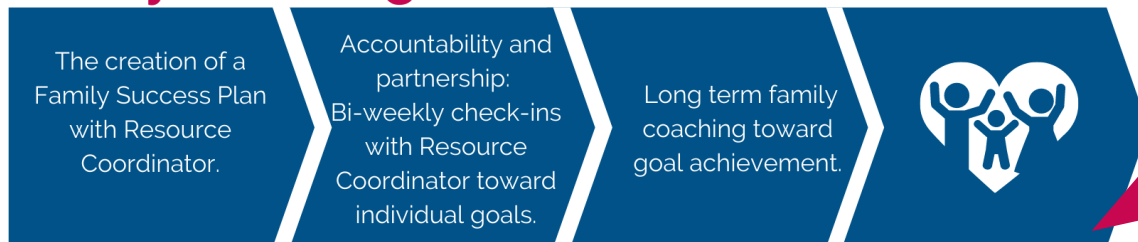

CMCA's Whole Family Approach model is designed to improve economic stability, family well-being and social connections for the families we serve. In response to the COVID-19 pandemic, Resource Coordination has been created to:

- Support families by connecting them with community programs and services.
- Partner with the family to overcome obstacles to reach their goals.

Targeted Coaching Assists With:

Family Coaching Will Include:

Things to bring to the first appointment:

- Proof of life for all household members,
- Proof of income for adult household members (age 18 and over).

The items needed will be reviewed in more detail when we set the intake appt.
